

ENERGY: with research comes progress

ARE YOU LIVING WITH WAIHA?

A clinical research study is now enrolling eligible adults.

The purpose of this study is to evaluate the efficacy and safety of an investigational medicine in people with warm autoimmune hemolytic anemia (wAIHA).

Are You Eligible?

You may be eligible to participate if you are:

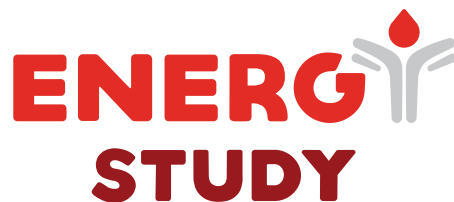

- Age 18 years or older
- Diagnosed with warm autoimmune hemolytic anemia (wAIHA) for at least 3 months
- Currently receiving treatment for wAIHA or have previously received treatment for wAIHA

Additional eligibility criteria will be assessed by the study doctor or staff.

What Participation Means

The time commitment for the study includes 17 visits over 32 weeks with the choice to continue participating in an extension study.

Qualified participants may receive investigational study medication and study-required medical care at no cost. The study will not pay for other medical care or current medication(s) needed to support your daily health care routine.
